Installation Steps:

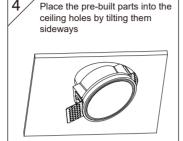

The specific appearance is subject to the real product!

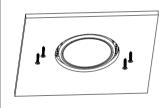

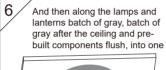

1.

Fasten the pre-built parts to the ceiling with screws

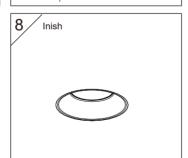

Insert the light fixture into the pre-built embedded fitting and securely connect the driver.

This product is or

This product is only suitable for indoor, it is not allowed to be rinsed with water.

Independent external driver, recessed mounted.

- Use only drivers that comply with IEC or CE safety standards.
- Check if the power supply match with the luminaire.
- Must consider the maximum current value displayed on the label of the luminaire.
- The voltage displayed on the luminaire is not used to select the constant voltage driver, but the voltage covered by the selected constant current driver.
- Take suitable ESD measures to avoid touching bare conductors.
- LED chips can be damaged if be in touch with chemical material or gas. Therefore, it is not allowed to clean the LED housing or luminaire by chemicals.
- The following items are confirmed to have negative impact on the performance of the luminaire, avoid to keep luminaire in the same circumstance with them.

Methyl acetate or ethyl acetate (i.e., nail polish remover)

Cyanoacrylates (i.e., "Superglue")

Glycol ethers (including Radio Shack ® Precision Electronics

Cleaner - dipropylene glycol monomethyl ether)

Formaldehyde or butadiene (including Ashland PLIOBOND ® adhesive)

Dymax 984-LVUF conformal coating

Loctite Sumo Glue Loctite 384 adhesive Loctite 7387 activator

Gorilla Glue Bleach, Bleach-containing cleaners, sprays

- Remove the insulation material from the luminaire or provide enough space so that the temperature raising will not overpass the limited TC.
- LED chip is very sensitive to switching transients, therefore, LED lamps and appliances must be connected after power cut off, no hotswappable.
- VF recommends using the driver indicated on the luminaire manual.
- Must consider the polarity of the product.
- It is recommended to use an ambient temperature of -10 $^{\circ}$ C to 40 $^{\circ}$ C for indoor lighting equipment
- If the external flexible cable or cord of this lamp is damaged, the cord should be replaced by the manufacturer or its service agent or a similarly qualified person
- The light source in this lamp should be replaced by the manufacturer or its service agent or a similarly qualified person
